5.5 Magnetic Materials

Anita has a **magnet**. There are lots of different types of magnets.

Magnets are **attracted** to some materials. We say these materials are **magnetic**.  
Materials that are **not attracted** to magnets are **non-magnetic**.

magnetic	non-magnetic
	
	

- Magnets can be used to separate magnetic materials from non-magnetic materials.
- This magnet is separating magnetic metal from other rubbish for recycling.

Sunil is trying to put a fridge magnet on the cupboard door but it keeps falling off.

### Questions

1) Name a magnetic material.

---

2) List three materials that are not magnetic.

---

3) Why did Sunil 's magnet not stay on the door?

---

---

4) Complete the chart

Object	Material	Magnetic or non-magnetic
pencil	wood	
Paper-clip		
chair	plastic	
magazine		
scissors	metal	

Which of the materials were magnetic?

---
